

# Upgrade Your Leak Detection Program

"It's the 21st century, and I'm still using the same leak detection technology I bought ten years ago, and half the time I don't know if it's working, or not." Utility Manager.

## Is this you?

You're not alone. According to the AWWA's Water Loss Control committee, "Of the 50,000+ water utilities in the USA, only 200, or so, have an active leak detection program, and the majority of those have not kept current by investing in new technology."

## Here's some Good News!

Until 9/30/09, when you upgrade your leak detection program by purchasing a METROTECH HL5000, you will receive a \$500 trade-in for your old leak detector.

Any brand. Any Model. Any condition.

## Details:

When you purchase a new HL5000 Digital Leak Detector from b3o enviroTek, you will receive a trade-in of \$500.00 for your old leak detector.

## \$500.00

Offer Expires September 30, 2009.
